

PURC CAFFEINE

CAFFEINE... SIMPLIFIED

Product information (As provided by Health Canada)

Small vial (Regular Strength):

Health Canada registered Natural Product Number (NPN) # 80059183

Barcode # 0628055623007

Dosage of caffeine per capsule : 120mg

Total individual capsules found in vial: 5 capsules

Large vial (Extra Strength):

Health Canada registered Natural Product Number (NPN) # 80059182

Barcode # 0628055623106

Dosage of caffeine per capsule : 200mg

Total individual capsules found in vial: 6 capsules

Method of consumption and use:

Oral

Medicinal ingredients:

Caffeine (1,3,7-Trimethylxanthine)

Non-medicinal ingredients:

Gelatin

Duration of use:

For occasional use only.

Recommended dose:

Adults : 1 Capsule(s) 1 - 4 time(s) per day, every 3-4 hours, as required.

Cautions and warnings:

Consult a health care practitioner prior to use if you are taking lithium. Consult a health care practitioner prior to use if you have high blood pressure, glaucoma, and/or detrusor instability (overactive bladder syndrome). Consumption with natural health products (e.g. bitter orange extract, synephrine, octopamine, ephedra) or other drugs (e.g. ephedrine) which increase blood pressure is not recommended. Consumption with other caffeine-containing products (e.g. medications, coffee, tea, colas, cocoa, guarana, maté) is not recommended. This product is not intended as a substitute for sleep. Consult a health care practitioner if you are of childbearing age, pregnant or breastfeeding.

Known adverse reactions:

Caffeine may cause anxiety, tachycardia (rapid heart rate), palpitations, insomnia, restlessness, nervousness, tremor and headache. Hypersensitivity/allergy is known to occur, in which case, discontinue use.

Security seals:

Each container features security stickers covering the container cap joints on the top and bottom. If either of these security stickers have been removed or tampered with, do not purchase from the retailer, or consume the product.
